"I have a 3-year-old son, and it’s a blessing to be able to play a major role in his upbringing. I decided to go back to school full time to give myself better opportunities. I plan on finishing a degree in automotive technology and then moving on to pursue an associate degree in welding technology."

PLACEMENT ASSESSMENT

Success in college depends upon placement in courses best suited to your needs and educational experiences. You must complete the appropriate assessment tests if you are: 1) Enrolling in a course with an established reading, math, computer or English prerequisite, or 2) Seeking a degree or certificate and have completed seven or more credit hours. Allow two hours for testing. Every effort will be made to have test results available within 48 hours. This is only an initial placement. All students will be reassessed in their English, reading, computer and math classes during their first week of class. Students are allowed one free retest. All other retests have a fee. There will be no testing on holidays.

You need to take the English as a Second Language (ESL) placement test if you plan to register for the ESL program on the Douglas Campus. For more information, see the ESL section in the schedule.

Disability Services - If you require auxiliary aids, services or other accommodations, call (520) 515-5337 (Sierra Vista), or (520) 417-4023 (Douglas).

ADMISSION

Admission to Cochise College may be granted to any person who meets one of the following criteria:
• Is a graduate of a high school which is regionally accredited, or has a GED, or
• Is 18 years of age or older on or before the first day of classes, or
• Is a transfer student in good standing from another college or university.
• If you are under age 18 and do not have a high school diploma or GED, please see an admissions representative before enrolling.
• Additional admissions criteria is required for international, aviation, nursing, transfer and concurrent high school students.

New Students
If you are entering Cochise College for the first time, you must complete an admission application available in the Admissions Office. Admission to Cochise College does not guarantee enrollment in any specific course or program.

To be admitted you need to:
1. Complete a student application form (available in the Admissions Office or online.)
2. Mail or bring the completed form to:

COCHISE COLLEGE ADMISSIONS OFFICE
901 N. COLOMBO AVE. 4190 WEST HIGHWAY 80
SIERRA VISTA, AZ 85635-2317 DOUGLAS, AZ 85607-6190
(520) 515-5336/5412 (520) 417-4005/4046

3. An online admission application is available at www.cochise.edu.

Continuing Students
If you are currently taking a class at Cochise College or you have attended a class at Cochise College within the past two years, simply register for classes. It is recommended to register as early as possible to ensure a better choice of class selections and times.

Former Students
If you have not enrolled at Cochise College during the past two years, you must be readmitted by filing an admission application with the Admissions Office.

Transfer Students
If you have attended another college and would like to transfer credits toward an associate degree from Cochise College, you must request that an official copy of your transcript(s) be mailed directly to the registrar from each of your previous colleges. Student copies or unofficial copies are useful for advising but are not acceptable for transferring credits.

Current High School Students
If you are a junior or senior-level high school student who would like to enroll in one or two classes, you may do so by submitting the following:
• Admission application.
• A Concurrent Enrollment Form which requires written approval from the designated school official, as well as parental or guardian approval and student approval to release grades to high school. The form is available at your high school or the Cochise College Admissions Office.
• You must take the appropriate Cochise College placement tests.

High school students taking occupational courses, such as agriculture, aviation, business, computers, culinary arts, drafting, welding, nursing and medical assisting, can complete a COMPACT program registration packet and save up to 50 percent on the cost of each course. Packets are available at the Student Development Center, Admissions Office, and Tech Prep Office, (520) 515-5347.
Legal Resident, Refugee or Temporary Resident Students
If you are in the United States as a legal resident, refugee, or temporary resident, submit an Admissions application and present your valid Immigration Status Card. You may need to improve your English proficiency before enrolling in college-level courses.

Border Commuters
Mexican citizens can attend Cochise College as border commuters. They must be seeking a degree, live in Mexico and have an F-1 student visa. Contact the International Student Office at (520) 417-4038. Since the paperwork is complex, plan to begin the process at least two months before you plan to attend Cochise College.

International Students
Cochise College defines an international student as a student attending Cochise College while on an F-1 visa. International students are considered non-resident students for tuition and fee purposes. International students may apply for one of two areas of study:
• For students who do not have college-level English skills, the English as a Second Language (ESL) program on the Douglas Campus and at the Nogales/Santa Cruz Center, or
• A traditional academic program leading to an associate degree.

For information on admission and registration requirements, contact the International Student Office at international@cochise.edu or (520) 417-4038.

Students Taking Online Courses
Cochise College offers an expanding array of courses, certificates and degrees online. These courses meet the same criteria as traditional classes. They use the resources of the World Wide Web to enrich your educational experience. You can make your own class schedule to meet your personal needs. Students can apply to Cochise College, browse online class offerings, register and pay for classes, consult an academic counselor, contact instructors, and participate in class discussions and assignments on the Web.

For more information, visit the Online Campus at www.cochise.edu. You’ll find information about the courses, tuition, financial aid, how to use Web Study student learning system, and answers to frequently asked questions. You can take an online assessment to see if online classes are for you.

Aviation Students
Special application procedures are in place for students interested in aviation department programs: Professional Flight (PFT) and Avionics (AVT). If you wish to be admitted to one of these programs, contact the Aviation Department admission specialist located on the Douglas Campus at (520) 417-4114 or via e-mail at aviation@cochise.edu. Information about programs may also be secured through the Aviation Department Web site at www.cochise.edu. A nonrefundable deposit is required for all aviation programs before admission can be considered. The deposit will be refunded by the Aviation Department if the student is not accepted into the program.

Associate Degree Nursing Students
While admission to Cochise College is the initial step for entrance into the nursing program, it does not guarantee acceptance. Nursing is a limited-enrollment curriculum that frequently has more applicants than can be accepted.

You will need to follow special application procedures if you wish to be admitted to the
nursing program. The deadline for submitting an application to the nursing program for the fall semester is March 1 and is available online at www.cochise.edu. Those students who have applied by the deadline will be notified in March of the Nursing Entrance Test (NET). The NET, which is given on several dates and times in April, is a four-hour test comprised of English comprehension, science, and algebra. The cost of the NET is payable at time of registration online by credit card. Students must meet the application deadline and all application documentation must be on file in order to register for the NET. The nursing program is designated “limited entry,” which means you must qualify to be admitted into the program. Candidates admitted to the program will be notified by late May for the fall semester.

The Arizona State Board of Nursing denies licenses to individuals with a felony conviction who have not been fully discharged for five years prior to applying for a license. Contact the Nursing Department or the Arizona State Board of Nursing for information regarding this regulation.

Specific information on the admission and selection procedures and dates is available online and through the Nursing Department. For information, contact the Nursing Department at nursing@cochise.edu or (520) 417-4016 or (520) 515-5309.

Health Cards and Immunizations

Cochise College requires that students at high risk for exposure to vaccine-preventable diseases be protected. Students in the following programs are potential candidates, depending on the particular course, for immunization policy requirements.

• Emergency medical technician
• Nursing
• Paramedicine
• Medical assistant

If you plan to register for one of these programs, call (520) 417-4016 or (520) 515-5309 for information about your minimum immunization requirements.

Honors Students

Cochise College offers an honors program for those who want an extra challenge in their educational experience. The challenges afforded by the program lead to confidence in intellectual ability and enhance the academic potential of all participants. You may apply to the honors program if you have completed 12 credits in courses from the general education curriculum leading to a degree at Cochise College, are enrolled in a degree program, and have at least a 3.5 grade point average. For information on the honors program, contact the Student Development Center at either campus.

Disability Services

If you are a person with a disability and require auxiliary aids, services, or other accommodations as a student at Cochise College, contact the director of Disability Services approximately three weeks in advance of registration to discuss your accommodation needs. Call the Sierra Vista Campus at (520) 515-5337 or the Douglas Campus at (520) 417-4023.

Auditing Classes

If you wish to enroll in a course for no grade, you may audit the class. You will pay regular tuition and fees, but you will not receive academic credit.
Changes in Classes

Cochise College reserves the right to eliminate, cancel, phase out, or reduce in size courses and/or programs for financial, curricular, or programmatic reasons. The college also reserves the right to make changes without notice in fees, faculty assignments, time schedules, courses, curricula, and policies; to cancel classes when necessary; to set maximum and minimum limits for enrollment in certain classes; and to make changes to other matters contained in this schedule.

RESIDENCY INFORMATION

Prop. 300/Tuition Assessment

Cochise College has revised its registration procedure for credit classes to comply with requirements of Proposition 300 (Prop. 300). Approved by Arizona voters in November 2006, Prop. 300 requires verification of eligibility for in-state tuition rates for U.S. citizens and qualifying legal immigrants.

Students will need to complete the new tuition assessment process only once. The process applies to students registering for any class after spring session 2007.

It is important to know that the new law does not prevent anyone from enrolling at Cochise College. However, the law does require that students who are not citizens or legal residents pay out-of-state tuition rates.

The law further states that persons who are not citizens or legal residents are not entitled to tuition waivers, fee waivers, grants, scholarship assistance, financial aid, tuition assistance, or any type of financial assistance that is subsidized with state monies.

A printable Tuition Assessment Form, instructions for completing the form, and a list of qualifying documents to verify eligibility for in-state tuition are available online.

Go to www.cochise.edu and search for Prop. 300.

Documentation can be returned to any of the college’s Admissions and Registration Offices. All faxed documentation should be sent to the attention of the registrar at (520) 515-5452, and e-mails can be sent to: admissions@cochise.edu or registration@cochise.edu

You can check your student verification for Prop. 300 on the Cochise College Web site using the following directions:

- Go to www.cochise.edu and click on My CC Account.
- Click on the secure area and log in your personal information.
- Click on Student Services and Financial Aid.
- Click on Registration.
- Click on Check Your Registration Status.
- Select the term of your current class registration and click submit.
- Your Prop. 300 status is displayed.

Out-of-State Students

Students 18 years of age or older who have not established a domicile in Arizona for at least one year immediately prior to the first day of class will be classified as out-of-state residents for tuition purposes. Students under 18 years of age at the beginning of classes will be determined by the Arizona Revised Statutes (ARS 15-1801). Nonresident students should note that residency does not change automatically. Proper documentation must be filed with the Admissions Office for review and approval before residency status will be changed. Requests for change in residency status are to be made prior to registration. A change in residency classification after the term begins will not take effect until the next term. Residency changes are not retroactive. For residency requirements and exceptions not listed, refer to the Residency
TUITION AND FEES

Military Personnel and Dependents

All active-duty military, guard and reserve personnel and their dependents stationed in Arizona are classified as in-state residents for the purpose of tuition. A military ID card must be presented to verify active military or active military dependent status. For further information or assistance, contact the Admissions Office. Retired military personnel have to meet in-state residency requirements.

Other Fees

Students registering for courses that involve added costs may be subject to fees higher than the normal registration fee. Lab fees vary according to the course. An asterisk to the right of
the section number in the class listings indicates a lab fee. See the student fee information brochure that lists all current fees. It can be obtained in the Admissions and Registration Offices or Cashier’s/Business Office.

**Residence Hall Fees**

DOUGLAS CAMPUS ONLY

(Subject to change)

Room and board (meals) are combined. If you live in a residence hall, you must participate in the board program. One-bedroom apartments are available for families at a rate of $350 per month, payable monthly in advance. Apartment residents do not have to purchase a meal plan. A deposit is required for a residence hall ($100) or an apartment ($150) prior to check-in. Single rooms and apartments have special requirements. Contact the Housing Office at housing@cochise.edu or (520) 417-4062. Room and board is due at registration or by the last day to add classes in a term.

Students are eligible for a 50% refund of room fees if leaving residence 21 days after the first day of classes of each semester or 21 days from the start date of a specific program in which they are enrolled. Room fees will not be reimbursed after the 21st day as specified above.
Refund of meal plan fees will be prorated based on the first day of the month following a student’s withdrawal from the meal plan. No refunds of meal plan fees will be granted for withdrawal after the first Monday in November for the fall semester, the first Monday in April for the spring semester, or the first Monday in May for the spring aviation programs.
FINANCIAL AID, SCHOLARSHIPS & GRANTS

GETTING FUNDED

While Cochise College is committed to providing quality education at the lowest possible cost, many students still discover that financing a college education is a challenge. Our staff can assist you in obtaining grants, loans, scholarships and work-study opportunities.

The federal government requires each post-secondary institution participating in financial aid programs to utilize their uniform and systematic evaluation of the financial need of all applicants for aid. The form used to determine the amount you and your family can contribute to your education (EFC) is the FAFSA (Free Application for Federal Student Aid).

Your need for financial aid will be determined by subtracting your family contribution (EFC) from your student budget. Student budgets are based on course of study, enrollment status, and place of residence. Student aid from all federal and state funds will not exceed a student's need. A student must reapply each year for financial assistance. You must be either a U.S. citizen or an eligible non-citizen to qualify for both federal and state aid.

To apply for most types of assistance, students should complete the FAFSA as soon as possible after January 1 for the academic year which begins the following July. Contact the Financial Aid Office at www.cochise.edu for further information on other available aid. The most important thing to remember in applying for financial aid is to apply early.

Scholarships

Academic scholarships are offered by the Cochise College Foundation on the basis of financial need, grade point average, leadership qualities and community service. Funds are provided by private donors, and criteria vary by scholarship. Scholarship selection is dependent on the student's overall achievement and may be limited to specific fields of study. Scholarship applications are available online and in the Financial Aid Office. Go to www.cochise.edu and select Scholarships. If you encounter any difficulties with the application, contact the Cochise College Foundation Office at (520) 417-4100. Students also should contact their individual academic departments regarding funds which may be available.

All students are encouraged to apply for financial aid, regardless of their parents' financial status. The broad range of financial aid resources available provides funding for a variety of economic levels. Students who do not have financial need may still qualify for academic scholarships, temporary loans or other programs.

FEDERAL AID PROGRAMS

Pell Grants

The Pell Grant, unlike a loan, does not have to be repaid (See Federal Refunds for exception). It is generally restricted to undergraduate students. Eligibility is established by the federal government. The grant is targeted to students with high need. The award adjusts to the actual enrollment status. The award letter will always show a full-time award.

Supplemental Education Opportunity Grants (SEOG)

SEOG is a direct grant to undergraduate students demonstrating exceptional financial need. Priority is given to students who submit the FAFSA by April 15.
**Academic Competitiveness Grant (ACG)**

An eligible student may receive a grant of up to $750 for the first academic year of study and up to $1,300 for the second academic year. Students must qualify for the Pell grant and must have completed a rigorous high school program to be eligible for this grant. Students who indicate possible eligibility for this grant on the FAFSA application will receive instructions on how to complete the qualification process.

**Federal Stafford Loans**

Low-interest student loans are available to help meet educational expenses. The loans must be repaid. Students must be enrolled in a minimum of six credit hours during the term (including eight-week terms) to be eligible. Loans will automatically be offered to students who indicate interest in the loan program. Loans also may be obtained by students who do not demonstrate need. A student must complete both the loan entrance counseling and the loan acceptance form before a student’s loan will be certified.

**LEAP**

The LEAP Grant is a state program. Recipients must be residents of Arizona and must demonstrate high need. Priority is given to students who submit the FAFSA by April 15.

**Parents of Dependent Undergraduate Student Loan (PLUS)**

These are loans that parents of dependent students can get to pay for educational expenses. The students must be enrolled at least half time. The parent must have no adverse credit history.

**Federal College Work Study**

The work-study program allows students to work and earn funds to apply to their college costs. Jobs are available both on and off campus and allow flexibility in work hours. Students seeking employment should apply at Career Services. There also are institutional work-study jobs available to those who do not qualify for federal aid. For more information, contact Career Services at (520) 417-4756/4752 or (520) 515-5457.

**HOW TO APPLY**

**The Financial Aid Process**

The financial aid application process can take as long as four to six weeks and possibly longer if complications result due to a required correction. A major factor in processing time is the time it takes a student to complete their file. Plan ahead, read instructions carefully and respond promptly to all requests for information or documents from the Financial Aid Office.

The FAFSA is available each year on January 1 for the following academic year. It needs to be submitted no later than April 15 in order to meet the priority deadline for additional grant funding. FAFSA on the Web worksheets are available in the Financial Aid Office and at the FAFSA Web site.

You can complete the federal application online at www.fafsa.ed.gov. If submitting the FAFSA online, be sure you obtain a PIN number (if you are a new applicant) before submitting the application. If you are a dependent student, at least one parent will also have to obtain a PIN to complete an online application.
Financial Aid Orientation

All new financial aid recipients are required to attend a Financial Aid orientation session. You should plan to attend a session early in the application process so that this requirement will not delay the disbursement of your funds. If you have non-satisfactory progress, you may be required to attend an additional orientation to emphasize the federal rules and restrictions regarding financial aid.

Steps to Follow

1. Complete the FAFSA on the Web worksheet.
2. Submit all documents needed to complete your financial aid file with our office. Make sure your Cochise College ID number appears on every document and that verification forms, tax documents, etc., are signed.
   • Respond promptly to all requests for information from our office, and keep copies of all documents you submit to us.
   • If you have a change in income that negatively affects your ability to contribute to your education, let us know promptly.

Disbursement of Funds

Students who have submitted an accurate application, all required documentation and have been awarded by August 11 will be entitled to an early check disbursement for the fall term. (This means that your file should be complete by August 5 to ensure that there is time to complete the award.) These checks will be deposited or mailed on or about August 12. Disbursements for students completing their application requirements after August 12 will begin after August 25. If you are in the group scheduled for a late check disbursement in the fall term, your classes will be held when you have been awarded or your progress has been cleared. You will also be able to request a book voucher from the Business Office through August 25. If you register for classes before you have been awarded financial aid, your classes will be dropped for nonpayment.

Award Notification

Financial aid information is now available online. Students may view and receive a copy of their award letter, document requests, etc., by visiting www.cochise.edu. Click on My CC Account and log into the secure area using your student ID and PIN number. If your ID is invalid, contact Admissions and Registration at (520) 417-4005/4046 or (520) 515-5415/5336. Next, click Student Services and Financial Aid. Click Financial Aid Records and then select the information you need. Click Print Screen if you want a copy for your records.

Federal Title IV Financial Aid Refunds

Students who receive federal financial aid funds are subject to the federal refund policy. Students who completely withdraw before completing 60 percent of the term are subject to this policy and will probably owe a repayment of the unearned portion of their grant funds. Students have 45 days to return the funds to Cochise College. If repayment is not made during the 45 days, the repayment owed will be promptly turned over to the Department of Education for collection. If payment is not made in full or repayment arrangements set up with Cochise College during the 45-day grace period, eligibility for additional federal aid is suspended until satisfactory payment arrangements are made with the Department of Education. Students who do not attend class are responsible for returning 100 percent of all funds received.
Pell Grant, SEOG, and ACG are subject to this repayment provision. Students who have received student loan funds are responsible for completing an exit interview and for notifying their lender of the withdrawal. The federal work-study program is not subject to the refund policy.

**The withdrawal date is the date:**

- The student began the withdrawal process prescribed by the institution.
- The student otherwise provided the school with official notification of the intent to withdraw; or,
- For the student who does not begin the school’s withdrawal process or notify the school of the intent to withdraw, the midpoint of the payment period or period of enrollment for which Title IV assistance was disbursed (unless the institution can document a later date).

The percentage of the payment period or period of enrollment completed for which assistance was awarded is calculated by dividing the total number of calendar days comprising the payment period or period of enrollment for which the assistance is awarded into the number of calendar days completed in that period as of the day the student withdrew.

For additional policy and regulatory information, contact the Financial Aid Office.

**Veterans Assistance and Benefits**

The Veterans Affairs Office provides information and assistance to students applying for VA educational benefits. The office staff also serves as liaison between Cochise College students and the Veterans’ Administration. A Semester Benefit Request form must be submitted for each semester that the veteran wants to receive benefits.

**Services offered include:**

- Help collecting, filling out, and filing all necessary documents and forms;
- Enrollment certification for veterans and dependents using veterans’ educational benefits; and
- Assistance in applying for other types of financial aid.

The Veterans Affairs Office is located in the Student Services Building on the Sierra Vista Campus. A counselor is also available in the One-Stop Building on the Douglas Campus. Regular office hours are observed.

**TUITION WAIVER PROGRAMS**

**New Mexico Waiver**

A special tuition agreement for full-time students exists between Cochise College and Western New Mexico University. If you are interested, you may contact the Admissions Office for more information.

**Western Undergraduate Exchange (WUE) Waiver**

Cochise College is a member of the Western Undergraduate Exchange (WUE) program. If you are a resident of one of the participating states: Alaska, California, Colorado, Hawaii, Idaho, Montana, Nevada, New Mexico, North Dakota, Oregon, South Dakota, Utah, Washington or Wyoming, you may be eligible for this tuition waiver for full-time students. Contact the Admissions Office for more information.
**Arizona-Sonoran Agreement**

Tuition waivers are available to students from Sonora through an agreement between the Arizona-Mexico Commission and the Comisión Sonora-Arizona. Qualifying students from Sonora who are studying in Arizona may pay in-state tuition for a maximum of two years. Students from Arizona who wish to study in Sonora have a series of educational and living options available. For more information, visit www.iesa.gob.mx or contact the Douglas Campus One Stop at (520) 417-4038 or (520) 417-4042.

**Senior Citizens - Golden Apache Tuition Waiver**

If you are an Arizona resident who lives in Cochise County or an adjacent unorganized county (Apache, Gila, Greenlee, and Santa Cruz Counties), and are 60 years or older, you may apply for a "Golden Apache" tuition waiver. This waiver allows a 50-percent tuition discount of the regular in-state tuition rate. Registration fees, lab fees, bookstore charges, Aviation Maintenance, Avionics and flight tuition and fees, and noncredit courses are not included in this discount. You must meet in-state residency requirements for tuition purposes. Waivers cannot be accepted retroactively. Applications for the waiver may be picked up in the Admissions Office.

**PAYMENT OF FEES**

Students are required to pay all tuition and fees as the last step of the registration process. If you have been awarded financial aid, your registration will be retained, and you will not be dropped for non-payment. If you wish to drop, you must formally withdraw from class/es. To arrange partial payments, refer to the online (Facts/e-Cashier) payment plan information at www.cochise.edu or in the Payment Methods section of this schedule.

A student will not be allowed to attend class and will not receive credit for any course unless all tuition and fees have been paid. The following applies to the payment of fees:

- You are required to pay any money owed the college before being allowed to register for classes, before grades or a transcript can be issued, and before you can be certified for graduation.
- You may pay for your classes online and/or sign up for a payment plan using e-Cashier. Go to www.cochise.edu and click Pay Online to learn more and to review instructions for setting up your account.
- A check for payment of tuition and fees can only be made out for the total amount of tuition, fees and any outstanding indebtedness. Your registration is not complete until your check has cleared. If a check is returned for insufficient funds, Cochise College will assess a service fee, and the student may be dropped from classes.
- Book purchases must be paid by cash, check or credit card at the time of purchase. If you are receiving veteran’s benefits, payment for books may be deferred after meeting with the coordinator of veterans affairs.
- All past due amounts may be sent to collections, and you will be responsible for all court costs and attorney fees.

**Payment Deadlines**

Your registration may be cancelled if your fees are not paid on the day that you register. Cochise College may not automatically drop you from unpaid classes you are attending. To avoid having an outstanding balance due, be sure to drop any class you do not wish to take.
Payment Methods

You can find out how much you owe for tuition and fees through the Cashier’s Office.

IN-PERSON PAYMENT

You may pay your tuition and fees in person at the Cashier/Business Office during office hours. Checks not clearing an account may result in cancellation of your registration.

PAYMENT BY PERSONAL CHECK

Pay Cochise College fees and other bills with a personal check. Checks altered in any way are not accepted. A collection fee will apply for returned checks. In this case, your registration may be cancelled if payment is not met within five days after notification.

MAKE CHECK PAYABLE TO: COCHISE COLLEGE
CASHIER’S OFFICE
4190 WEST HIGHWAY 80
DOUGLAS, ARIZONA 85607-6190

PAYMENT BY CREDIT CARD/TELEPHONE

Pay Cochise College tuition and fees with a credit card in person or by telephone. Cochise College honors MasterCard, Visa, Discover, and American Express credit cards.

DOUGLAS CAMPUS, (520) 417-4076
SIERRA VISTA CAMPUS, (520) 515-5416

ONLINE PAYMENT/PAYMENT PLAN

Pay for your classes online and/or sign up for a payment plan using e-Cashier. Go to www.cochise.edu and click Pay Online to learn more and to review instructions for setting up your account. There is a $35 enrollment fee per semester for automatic bank and credit card payments or a $2 enrollment fee for an immediate full payment. The earlier you sign up, the more payments you have made available to you.

REFUNDS

If you make an official withdrawal from a course or from the college, you may be due a refund of tuition and laboratory fees. An official withdrawal is made through the registrar, or in the case of the Benson, Willcox and Nogales/Santa Cruz Centers, through the center director. Students may withdraw online.

Note: Stopping payment on a check does not constitute an official withdrawal and may result in additional fees and collection costs.

If you qualify for a refund of tuition and lab fees based on the refund schedule, no additional documentation is required once written notification of withdrawal has been submitted. All refunds and deposits that may be due to you will first be applied to any fees owed to the college. Credits for fees from dropped or cancelled classes may be applied to other classes added during the same semester. Fees may not be transferred from regular semester session to second eight-week session.

The refund schedule begins after the last day to add classes and extends until the 50 percent point in time for the period of enrollment. A portion of tuition and lab fees assessed the student by the college will be refunded based on the refund schedule. Please see the refund schedule listed in this schedule.
Cancelled Classes

If a class is cancelled by the college, you will receive a full refund of all fees attributable to the cancelled class(es), including tuition and lab fees (registration and technology fees are refundable when all of your classes have been cancelled by the college). No documentation is needed for refunds due to cancelled classes.

Room and Board Refunds

Students are eligible for a 50 percent refund of room fees if leaving residence 21 days after the first day of classes of each semester, or 21 days from the start date of a specific program in which they are enrolled. Room fees will not be reimbursed after the 21st day as specified above. Refund of meal plan fees will be prorated based on the first of the month following a student’s withdrawal from the meal plan. No refunds of meal plan fees will be granted for withdrawal after the first Monday in November for the fall semester, the first Monday in April for the regular spring semester, or the first Monday in May for the spring aviation programs. If you withdraw from a residence hall only, and not from the college, you must do so officially through the director of housing.

If you withdraw totally from the college, you must do so officially through Records and Registration or through your CC Account online.

Issuance of Refunds

Refunds for students receiving federal financial assistance are subject to federal regulations. All refunds will be issued by check unless fee payment was made by credit card. In this case, refunds will be credited to the credit card account. The college will begin processing refund checks after the close of registration (the last day to add classes). Please allow three weeks for processing from that date or the date the refund is created, whichever is later. Checks will be mailed to the address on file with the Registrar’s Office. No refunds will be issued in cash, and no refunds will be issued immediately upon withdrawal from a class, class cancellation, or withdrawal from a residence hall.

Refund Schedule

The refund schedule applies to all students except Title IV recipients who withdraw from all classes. Tuition and fees refund policy date of withdrawal lasts through the end of the business day (4:30 p.m. Monday-Thursday, or 1 p.m. Friday)

POLICIES AND PROCEDURES

All information, including statements on tuition, fees, course offerings, admission and graduation requirements, is subject to change without notice, obligation or liability. Refer to a Cochise College Catalog for more information on student services, clubs and organizations, transfer, transcripts, graduation and other Cochise College policies.

Adding or Dropping a Class

Follow the procedures below if you wish to add a class, drop a class or change your schedule in any way. You may add/drop a class online if you have earned 12 credits at Cochise College

- Request a drop-add form from the Student Development Center. Online students should contact the online advisor.
- Obtain the signature of an advisor and any other required signature.
- Sign the drop-add slip and submit to the Registration Office on either campus.
- Proceed to the cashier and pay tuition and fees.

For detailed information on the refund schedule for dropping a class, please see the withdrawal refund schedule.

Class Credit Limitations

The vice president for instruction has established the following maximum number of units for which a student may register:

1. Concurrently enrolled high school students: 11 units
2. Beginning freshman (first-time college student): 18 units
3. All other students:
   a. With cumulative GPA of greater than 2.49: 19 units
   b. With cumulative GPA of 2.00-2.49: 16 units
   c. With cumulative GPA less than 2.00: 12 units

Note: Due to the nature of the Airframe and Power Plant, Professional Pilot Technology, and Correctional Education vocational programs, the college exempts students enrolled in the program from the 19-unit maximum. The college also exempts cooperative education units from student load limitations.

Instructor Drop

An instructor may drop you for not attending class. The college will not refund tuition and fees if you are dropped from class for nonattendance.

Withdrawal from College

Students who wish to totally withdraw from the college can withdraw online through their CC Account or obtain a withdrawal form from the Student Development Center or Registration Office. Upon obtaining the appropriate signatures, the form is returned to the Registration Office. Failure to officially withdraw may jeopardize the receipt of any refunds due and may further result in the assignment of a grade of “F” for all courses in which the student may be enrolled.

Obtaining Your Grades

Confidential student grades are available online. You may view and print a copy of your grades by visiting www.cochise.edu and clicking My CC Account. Log into the secure area using your student ID and pin number. If your PIN has been disabled, contact advising at (520) 417-4038/4005 or (520) 515-5483/5415. Next, click Student Services and Financial Aid. Click Student Records, Click Final Grade. Highlight and click the proper term in the drop-down window. Click Display Grades. Click Print Screen for your copy.
Graduation

You need to file an application for graduation with the Student Development Center and pay an application fee during the semester in which you plan to complete requirements for graduation. Deadline dates also apply to certificate applications. Diplomas will be mailed after final grades are received and records evaluated for graduation. Diplomas are ordered as marked on your application. Deadlines for filing are:

- **MAY 2009 GRADUATION, PRIORITY FILING** .................. APRIL 15
- **MAY 2009 GRADUATION, LAST DAY TO FILE** .................. MAY 13
- **AUGUST 2009 GRADUATION, PRIORITY FILING** ............... JULY 15
- **AUGUST 2009 GRADUATION, LAST DAY TO FILE** ............. AUGUST 3
- **DECEMBER 2009 GRADUATION, PRIORITY FILING** ........... NOVEMBER 25
- **DECEMBER 2009 GRADUATION, LAST DAY TO FILE** .......... DECEMBER 16

Commencement exercises are held each year in May. If you graduated during the preceding summer or fall, you will be listed in the commencement program and may participate in the May commencement.

For detailed information on graduation requirements, consult the Cochise College catalog or check with the Student Development Center.

Personal Property

Cochise College cannot accept responsibility for the loss, theft or damage to individuals' personal property.

Statement of Equal Opportunity

Cochise College is proud to be an equal opportunity employer that does not discriminate on the basis of sex, race, age, color, religion, disability, national origin, veteran status or veteran of the Vietnam era status in the educational programs or activities which it operates. If you have a concern or discrimination grievance, contact the associate vice president for human resources at (520) 417-4014. Outside federal and state agencies are also available to answer your complaints.

Emergency Preparedness

As part of its emergency preparedness communications strategy, Cochise College is now offering text-based emergency notifications and updates to current employees and students via the E2Campus emergency notification system. Safety alerts, campus/center closures, delays, dismissals, and updates can be sent to a mobile phone, wireless PDA, pager or e-mail address.

Signing up or making changes to your account is simple. However, you will need to log onto the Cochise College information system (My CC Account) before being able to access the sign up or account modification forms. Although the college offers this service free of charge, you may be responsible for any messaging charges from your cell phone company or service provider.

To get started, visit the college home page at www.cochise.edu, click the Emergency Alerts link. For further questions, contact the Department of Information Technology at (520) 417-4119.
**Campus Crime Report/Student Right-To-Know**

According to federal statute and regulations, colleges and universities are required to prepare and distribute an annual security report. Within the report, colleges must set forth their policies on crime prevention and sex offenses and give statistics on the number of crimes reported on campus. Other reported crimes include the number of arrests for liquor law and/or drug violations and weapons possessions. The crime report is updated each September; a drug and alcohol free workplace report is updated each April. The reports may be reviewed at www.cochise.edu.

**College Smoking Policy #5005**

Smoking is not permitted in any college building or classroom. Outdoor smoking is limited to designated smoking areas.

**Hazardous Materials**

Certain courses may require students to work with potentially hazardous materials as part of their course work in the laboratory, darkroom, or workshop. Instructors will provide information on the safe handling of all materials to include upon request material safety data sheets (MSDS). If you have questions regarding the use of these materials or any required personal protective equipment, ask your instructor or a member of the specific academic department.

**Student Complaints**

While all complaints directed to college personnel by students are considered important and will be addressed by the respective employee, department and/or office personnel pursuant to Policy 4008 (Student Grievances and Due Process), only formal, written student complaints, including those sent by e-mail, filed with the offices of the college president or the vice president for instruction/provost by current students are considered official complaints. Official complaints are documented, investigated, their resolution and/or disposition noted, with a record of such complaints maintained for no less than two years. Students and institutional personnel are hereby advised that information about these official complaints will be shared with the college’s accrediting agency, the Higher Learning Commission of the North Central Association; however, individual identities of students will be shielded without the express permission of said complainants. The complaint log is reviewed on an annual basis by the vice president for instruction/provost, who ascertains whether or not the complaints follow any particular pattern and whether or not special intervention, direction, and/or staff development may be in order to mitigate subsequent complaints or address problems with institutional quality.

**STUDENT DEVELOPMENT CENTER (SDC) SERVICES**

**Academic, Career, and Personal Advising**

Cochise College counselors can assist you in defining your educational and career goals; planning a program of study for transfer and/or direct employment that incorporates your interests, abilities, and career goals; and directing you to other college resources. Counselors and faculty advisors provide students with academic advising through interest inventories (MBTI, Strong) and support in personal issues.

Students who are newly admitted to Cochise College on the Douglas and Sierra Vista campuses will be assigned a counselor. Students are encouraged to visit with their counselor for academic planning for the next semester. Online students and those enrolled at each center will be provided with counseling support scheduled through the SDC. Call your center for available appointments to see a counselor. All students are encouraged to visit the Student Development Center to ensure that they receive academic support prior to class scheduling. To have adequate time for advising and transcript evaluation, see a counselor or advisor well before you register for classes.
Students who have earned 12 credits of more have the option of registering online using their CC account. If you have earned 40 credits or more, it is time to firm up your plans for graduation. For more information, contact the Douglas Campus SDC at (520) 417-4038 or the Sierra Vista Campus SDC at (520) 515-5483.

**Transfer Planning**

A statewide agreement between Arizona public community colleges and universities guarantees students two ways to transfer – using an associate degree or an AGEC general studies block. Cochise College enters into articulation agreements on a course-by-course basis and complete degree transfer. Information for transfer agreements within the state system – including the University of Arizona, Northern Arizona University, and Arizona State University - is available in Student Services and online at www.aztransfer.com. Cochise College has articulation agreements with:

**Course Applicability System**

The Arizona course applicability system (u.select), formerly CAS, allows students to access information online relating to course descriptions, academic programs, the Course Equivalency Guide (CEG), and student information. Visit www.aztransfer.com.

Students also have direct online access to information about transfer in the state college system. For most majors, Cochise College recommends students transfer after having completed an AGEC or associate’s degree to ensure a seamless process.

ADULT EDUCATION

Free, non-credit courses provide basic education for students at least 16 years of age wishing to improve skills in reading, writing, math, and English. Morning, afternoon and evening classes are available in several locations in Cochise County. All students must take a placement test during registration. A minimum number of students per class may be required; registration is closed when classes are filled. Sierra Vista and Douglas register approximately every eight weeks. Other classes are open entry.

ENGLISH LANGUAGE ACQUISITION (ELA)

Courses develop English proficiency and life skills for speakers of other languages, as well as active community involvement. Classroom instruction is reinforced by computer lab time, which helps students gain a mastery of speaking, listening, reading, and writing.

GENERAL EDUCATION DEVELOPMENT (GED)

Courses prepare students for the state GED examination. Subject areas include: language arts, math, social studies, science, and writing. Pretests are given to determine placement; simulated GED exams are used as post-tests to predict success on the official examination. Instruction is supplemented by GED computer software at most sites.

ADULT BASIC EDUCATION (ABE)

Courses develop reading, writing, math, and computer skills in context of students’ work, family, community, and higher education training goals.

ACCESS WEB STUDY

WebStudy is a web-based instructional system used for online, ITV, and traditional classes. Your instructor may post announcements, documents, and other information for your class in the WebStudy system. Your classes are automatically added to your WebStudy account at the beginning of every term.

To log into WebStudy, follow these steps:

• Go to www.cochise.edu.
• Click WebStudy link
• Type in your User Name (it is your college ID number, it starts with a C00...)
• Type in your Password (it is your birthday in MMDDYY format).

IMPORTANT: Be sure your browser is set to accept COOKIES! You will not be able to log onto WebStudy unless this setting is correct. Pop-up blockers must be turned off.

*Note: You may have changed your PIN when you accessed your CC account. However, your PIN for your e-mail and WebStudy account is still your date of birth.
