Title: Monitoring College Effectiveness**

The Board shall monitor College effectiveness in meeting Board policies. Monitoring will be done in a way to permit the Board to use most of its time to create the future rather than review the past.

College effectiveness may be monitored in one or more of three ways.

- Internal Reports – Disclosure of information to the Board from the President.
- External Reports – Disclosure of compliance information by an external auditor or other persons or entities external to the institution.
- Direct Board Inspection – An inspection of documents, activities, or circumstances directed by the Board which allows a test of policy compliance.

As a result of the Board's monitoring, the Board shall review policies and make any adjustments necessary to improve college effectiveness.
