Category: Governance  
Policy Number: 201  
Title: Board Responsibility

The Cochise College District Board is a collective body that decides and acts assuring appropriate organizational actions and performances are conducted by the leadership of Cochise College and, in doing so, the Board represents the communities they serve. Specifically, the District Board:

a. Serves as the official governance link between Cochise College and the community.
b. Employs and supervises the College President.
c. Directs the college through the establishment of policies and decisions made in Board meetings.
d. Monitors college performance and works in support of the college in achieving the highest of standards of excellence.
e. Evaluates the College President annually.
f. Evaluates its own performance, annually.
g. Serves as an advocate for Cochise College, the staff and its students.

The performance of the Board rests upon the collective positive efforts of each Board member participating in and, in appropriate cases, in such areas as: college events, Board meetings and Board-development activities, state and national Board meetings, and in representing community concerns to the college leadership. Board performance also depends upon the knowledge of Board members in college operations, such as: college strategic plans, performance metrics, annual budgets, and state statutes.
